

# SBMM WATERFRONT PARKING FOR FIELD TRIPS

Classes and youth groups that visit SBMM can have their school bus park in the three designated school bus parking spots. These are the safest spots for the bus to park, so we can escort the students on the sidewalk, to the Waterfront. If your group arrives by carpool, you can park in the 90 minute spots if you plan to be here only 90 minutes, or you will want to pay for parking at the kiosk.

The lawn next to the parking kiosk is a great place for classes to meet, prepare overnight gear if they are in the Tall Ship Program, or eat before or after their tour at SBMM. All the nearest bathrooms are designated on this map. If you want to walk along the breakwater, that is past Brophy Brothers Restaurant.
